Kew Cottages – Stage II heritage permit application P13278

Just a short note to confirm that the previous heritage permit application for Stage II has been withdrawn and a revised heritage permit application submitted showing the trees on the northern side of Main Drive within Stage II area in a reserve.

The application states this reserve will initially be the responsibility of the developer and later the City of Boroondara. Reference is also made to further protection by way of a covenant to ensure development of the adjoining lots is not detrimental to the long-term health of the trees.

This heritage permit application will be given public notice this week, with 14 days for comments. The heritage permit documents will be placed online for the duration of the public notice. At www.heritage.vic.gov.au
