Dear Lorenz

**Relocation of Temporary Sales Office  
Main Drive, Kew**

I refer to correspondence received on the 17 January 2011 regarding a new permit application to relocate the temporary sales office further along Main Drive, abutting Walker Corporation offices.

Following on from my recent email sent to Brad Evans dated 26 November 2010, I would like to reiterate our concerns as follows:-

- If any canopy trimming, pruning or removal is required, then Council strongly objects to the relocation of the sales office. As previously advised, Council's primary concern is the protection of the Main Drive Avenue trees and maintaining the canopy along Main Drive is considered paramount. Given past previous occurrences of tree damage along Main Drive, Council is extremely concerned that the relocation may result in damage to these significant trees.
- It is also recommended that the location of the temporary office be carefully assessed to ensure that there will be no impact on existing vegetation.
- Furthermore, it is recommended that you advertise this application to residents in Wills Street to ensure that our community is informed and given the opportunity to comment on the proposal.

Should you have any further queries, please do not hesitate to contact me on 9278-4447.

Yours sincerely
